This is a second instance (the first being the formation of shop sites along the procession route) where criticism of a scheme submitted for sanction by the Chairman Mysore City Improvement Trust Board has been countered by the remark that "sites are already sold or the contract for the work has been signed already so that alterations or adjustments are now more possible".

Before discussing further the merits of this scheme it seems therefore desirable to ascertain whether the Chairman was in order to comit himself by the sale of sites or signing of a contract while the file was still pending with the Government for sanction

Sub - Estimate for Rs 18,000/- for forming sites in Kesare Block, Narasimharaja Mohalla

---

With reference to Government Order No L 8644-8/Ml 38-47-10 dated the 2nd September 1947 for the above work as scrutinized by the Chief Engineer for Rs 16,920/- may be sanctioned, I have the honour to state as follows -

It is seen ffom the estimate as scrutinized in the Chief Engineer's Office that the rates proposed by this office have been reduced in the following cases -

	Particulars	Rate proposed by this office	Rate reduced in Chief Engineer's Office	Rate approved by the Government (G O No L 15005-7/Ml 125-46-5 dated 28-4-47)
1	Earth work excavation	Re 0 8 0	Re 0 7 0	Re 0 8 0
2	Stone jelly concrete in lime mortar	0 6 0	0 5 3	0 6 0
3	Size stone in lime mortar	0 11 0	0 7 6	0 12 0

5	B S covering slabs 6" to 8" thick one line dressed	1 1 6	1 0 0	1 5 0

All these works have already been carried out and the piece workers have been fully paid for according to the estimate, which has been sanctioned by the Board

As can be seen from the atatement above the rates as provided for in the estimate and paid to the piece workers are at par and in some cases were more than the rates approved by Government in Government Order referred to above It may also be pointed out that the reduction of rates effected during scrutiny in the Chief Engineer's Office was not even intimated before sanctioning the estimate as is usually done The fact that the work was already put on hand and the work alsmost completed as per estimate sanctioned by the Board has also been intimated in this office No D2 C-117/dated the 2th June 1947

P T O

Under these circumstances, I request that the estimate for Rs 18,000/- as sanctioned by the Board may kirdly be approved in supersession of the present sanctioned estimate by retaining the rates as provided for originally ~~fxxxx~~
